For user who is going to use FlashAir™ W-04 in China

FlashAir™ W-04 has two (2) types, Type1 with CMIIT ID* and Type2 without CMIIT ID. Type1 and Type2 are different in the wireless LAN compliant countries/regions. If your product is Type2, please do not use it in China, as the use in China will violate the local ordinance. We are very sorry for the inconvenience.

* CMIIT ID is an authorization number assigned by the China Ministry of Industry and Information Technology to identify wireless-LAN compliant products in China.
